

YOUR FOOD SPECIALIST

Our Mission

“We conduct our business with respect for people, animals and the environment in order to let consumers choose healthy and more sustainable food”.

Damhert product range

Damhert is your specialist
for functional, organic
and “Free From” food!

Why choose Damhert?

A family company with more than 50 years of experience.

We have very deep roots.

Damhert is a full service merchandiser of functional foods.
What does this mean for you?

We digitally place your order while in your store, sorting out and tidying the shelves. Everything is handled by us and you have nothing to care about.

We also deliver the goods to you, included in our pricing.

Because of close contact with you in the store we can immediately respond and take action on your needs and wishes.

A solid, guaranteed and fixed margin for all product categories and high-runners are also part of the deal.

We work exclusively with the best ingredients and high quality produce.

Because of your cooperation with Damhert, by being able to offer specialized organic and "free from" foods, you will see a rise in revenue, service and goods to offer to your costumers.

We can offer you a complete assortment of goods. Every customer that has special dietary needs can find something appropriate for them in our shelves.

Damhert stands for doing business LOCALLY!

Our vision

Passion for healthy & functional food: Food has a major impact on the health of people, animals and the environment. Damhert stands for a concept to serve all those different groups of 'value-added eaters'. With our range of sugar-free, gluten-free, lactose-free, low-salt, organic and vegetarian/vegan food, Damhert has something for everyone! A number of very high quality food supplements complete this healthy range. The range is constantly being adapted to new needs, eating trends and other consumption habits. As an SME, we can respond to this alertly.

Local & Sustainable: By acting locally, we reduce our ecological footprint. As a company, we also invest continuously in the optimisation of our daily operations, automation, traceability, efficiency, quality, and all this with respect for people, animals and the environment. So that we can continue to offer our customers the best quality in terms of diet.

Progressive: As a food specialist, we recognise our pioneering role in creating a sustainable food system (across all departments: development, production, distribution and sales) that leads to a healthier and more enjoyable life for all. We want to guide and support the food industry with our offer of healthy, functional and sustainable food.

Customer-oriented: The distribution of our products to the supermarket takes place via Damhert. We work with a system of 'full service merchandising': we supply the shops ourselves, place everything on the shelves ourselves and closely monitor sales through regular visits by our representatives to the more than 2500 sales points. So both customer and consumer have no worries or risks with Damhert.

High Quality: We aim for local production with excellent Belgian quality. We are also proud to announce that Damhert obtains its certificates every year (Gluten, Bio, BRC), which guarantee the highest standard in terms of food safety, traceability and quality.

Choose the local and healthy way!

KETO
DIET

What is the Keto diet?

A ketogenic diet is a strict diet consisting of minimal carbohydrate and increased fat intake. Fat thus becomes the main source of energy in the keto diet, whereas in a normal diet it is carbohydrates ...

The idea behind the keto diet is that a lot less glucose enters the bloodstream, preventing the body from getting its energy - as it normally does - from glucose.
